MARBLE CHESS SET BLACK AND FOSSIL

Its specialty is that it is crafted from deep black marble contrasted with fossil marble, giving the chess board a bold and timeless appeal. The dark squares highlight the natural fossil textures in the lighter ones, making every game board unique. Strong, elegant, and durable, this set is not only for playing but also serves as a decorative piece of art.

MARBLE CHESS SET BLACK AND INDUS

Its specialty is that it is made from polished black marble paired with elegant Indus marble, creating a striking contrast that makes the chess set both timeless and decorative.

MARBLE CHESS SET BLACK AND PINK

Its specialty is that it is crafted from an exceptional combination of bold black marble and soft pink marble, a pairing that creates a visually stunning and luxurious chess set. The deep black squares symbolize strength and elegance, while the gentle pink marble adds a touch of warmth and sophistication. Together, they form a unique contrast that makes the board not only functional for play but also a refined decorative centerpiece. Every square is hand-polished to highlight the natural beauty of the stone, ensuring that no two boards are ever exactly the same. This marble chess set is more than just a game—it is a timeless work of art that reflects luxury, durability, and fine craftsmanship, making it a perfect choice for collectors, enthusiasts, and anyone who values elegance in both play and décor.

MARBLE CHESS SET BLACK AND WHITE

Its specialty is that it is crafted from a timeless combination of bold black marble and pure white marble, creating a chess set that embodies both elegance and classic appeal. The striking contrast between the dark and light squares makes every game visually captivating, while the polished finish highlights the natural beauty of the stone. More than just a game, this set serves as a refined decorative piece, blending durability with sophistication to enhance any space.

MARBLE CHESS SET BLACK AND OCEANIC

Its specialty is that it is crafted from a bold mix of deep black marble and oceanic marble, creating a chess set with a dramatic and eye-catching contrast. The rich black tones highlight the flowing patterns of the oceanic marble, making each square unique and full of character. Designed for both play and display, this set combines durability with natural elegance, turning every match into a luxurious experience and every board into a decorative masterpiece.

MARBLE CHESS SET WHITE AND FOSSIL

Its specialty is that it is made from pure white marble paired with fossil marble, giving the chess board a refined and timeless look.

The natural fossil patterns in the light marble squares make each board unique, turning the game into both play and art.

Elegant, durable, and distinctive, this chess set is perfect not only for strategic matches but also as a decorative piece in any space.
